## Summary

Full Stack Web Developer with a background as a classical musician and a passion for beauty and elegance. Seeking an entry level position where I can use my technical and collaborative skills to contribute to an effective team. As both a singer and software developer I hold myself to the highest standard of both craftsmanship and creativity. I am a very quick learner and am not afraid to get my hands dirty when learning new tools.

## Technical Skills

Languages: Python, JavaScript, SQL, HTML, CSS

Frameworks: Bootstrap, jQuery

## Projects

### Elected Officials | [Link to GitHub](#) | [Link to Deployed Project](#)

- An interactive web application that displays elected officials based on a user entered address. Designed with Materialize and jQuery, it is an exploration into API requests.
- Maintained github repo, handled click events, parsed API responses
- HTML, CSS, Javascript, jQuery, Materialize

### Weather Dashboard | [Link to GitHub](#) | [Link to Deployed Project](#)

- A weather dashboard using Open Weather Map to gather and display current weather and five day forecast for any location. Uses Geocode.io for auto-complete functionality and for converting the user's input into coordinates to be passed to Open Weather Map's One Call endpoint.
- HTML, CSS, Javascript, jQuery, Bootstrap

### JavaScript Quiz | [Link to GitHub](#) | [Link to Deployed Project](#)

- A deep dive into dynamically generating elements in Vanilla JavaScript, JavaScript Quiz displays quiz questions, validates user answers, and tracks high scores using local storage.
- HTML, CSS, Javascript

## Experience

### Freelance classical singer | 2014-2020 | [Link to professional website](#)

- Worked in New York and internationally as a chorister and soloist with some of the top organizations in the country.
- Balanced a busy performing schedule, negotiated contracts, and organized travel.
- Deployed on-sight music-reading skills for new employers and collaborators on a weekly basis
- Independently set and achieved short term and long term goals through networking, individual study, and consultation with more experienced musicians.

### Shift Manager | Starbucks | 2014-2015

- Managed a small team of baristas to optimize efficiency and customer satisfaction
- Managed inventory in collaboration with a team of managers
- Trained new employees
